Strathmore, Alberta, March 21st, 1928

Subscription per annum, \$2.00; Foreign \$2.50

Oratorical Contest, Memorial Hall, Friday March 23rd.

FUNERAL OF THE LATE MRS. STEVENS

The death of Mrs. Stevens, whose funeral took place in Strathmore on Friday, March 16th, marks the passing of an early pioneer and old timer. The funeral services conducted by the Rev. J. N. Williamson, were held in the Union Church. C. W. Chase had charge of the funeral.

The church was filled with friends and old timers from Namaka, Gleichen and Strathmore, who sought to pay tribute to one of him who had helped others in times of sickness.

Mr. and Mrs. Stevens came from the old land, England, in 1884, moving west to Namaka some thirty-eight years ago, where they resided until Mr. Stevens died in 1918. They were amongst the first white settlers in the west. It was always most interesting to hear from them the various instances of hardships and privations endured by the early settlers.

Mrs. Stevens was often called upon to care for the sick and acted very ably as doctor and nurse. She unhesitatingly responded to calls for her services to attend the sick and needy up to very recent years.

Floral offerings were received from: George and Florence, Dave and Emma, and Bob, the Harvey Grand children, Mr. and Mrs. Grimshaw, Mr. and Mrs. James Cornack, Mr. and Mrs. A. D. Gray, Mr. and Mrs. J. F. Jensen, Harber & Cranford, Mr. and Mrs. W. A. Denny and family, Mr. and Mrs. P. Dunn, Mr. and Mrs. A. K. Kert, Mr. and Mrs. S. J. Hedega, also a large number from the following: Namaka friends, Mrs. Haggard and family, Mr. and Mrs. H. E. Johnson, Mr. and Mrs. Dave Thompson, Mr. and Mrs. Smeaton, Mr. and Mrs. William Pawkes, Mr. and Mrs. W. H. Tucker and family, Mr. and Mrs. Robert Biggar, Mr. and Mrs. E. F. Wheeler and

"BEN HUR" COMING APRIL 5, 6, 7

The thrill of adventure in many lands is presented by the story of "Ben Hur" as portrayed by Ramon Novarro in the \$40,000 picture of that name. This favorite star title represents a comedy, bold and chivalrous Judah who is by turns prince, esley slave, Roman favorite, chariot soldier, of God, and a disciple of the Master. It is indeed a taxing and many-sided role, and Novarro is adding myriads of friends to his already long list of "fans" by his beautiful acting as well as physical command. This wonderful picture which packed the Calgary Theatre each on April 5th, 6th and 7th. Good roads or bad roads, do not fail to see it. It is really worth while.

NAMAKA

A very close and interesting hockey game was played on the Strathmore rink on March 5th, when the local youths, assisted by Ernie Wright, of Strathmore, closed up on the Strathmore boys with a score of 3-1. The lineup for Namaka was as follows: Goal, George Behan; defence, Arthur Broadner and Ernie Wright; forwards, Jack and Charles Bremner and Kenneth Watts.

Mr. and Mrs. Foss and family, of Standard, motored to Namaka and spent Sunday at the home of Smiten and Fawke.

Mr. and Mrs. Wm. Fawke returned Saturday from Scotland, where they spent three months holidays among relatives.

A very happy surprise party was held at the home of Mr. and Mrs. Hamar on Wednesday. Dancing was indulged in until 2 o'clock. All spent a very pleasant evening.

Mr. and Mrs. Harold Payne, of Strathmore, are spending the week at the home of Mr. and Mrs. Wm. Laurie.

Miss Watts is home for a few days' vacation before leaving for Medicine Hat, where she has accepted a position as one of the supervisors in the Medicine Hat Hospital.

The U.F.A. will have an oyster supper and social evening in the I.O.O.F. Hall, Namaka, Friday, March 16th. Super 5c, Dance 50c.

Mr. and Mrs. Nichols, of Shoultice, were the guests of Mr. and Mrs. Hagood over the week end.

STRATHMORE GOLF CLUB NOTES

A review of the work done on the Club property last season discloses the following:

The course was completely burned off in the spring and again in the fall, through poisoning of the course on two separate occasions, fairways measured and restored with new sods; new sods and sand set in place and filled, and all pots, cans and sand boxes painted, new green cups set in place, fences and gates repaired and weeds cut where necessary. Approximately 125 assorted trees were set out at selected spots on the course. In addition, considerable assistance was given when the greens were being reseeded. The foregoing was volunteer labor by a few of the old members who have not, as yet, become weary in well doing, and was necessary because the Club's funds would not permit hiring the work done.

Number three green was enlarged and rebuilt; number eight was drained and tiled. A good start was made by leveling off rough spots on the fairways and hundreds of gopher and badger holes filled, and all greens were reseeded. This work was done by hired help.

A fair division of the value of the work done on the course last year would show about 90% hired and 10% volunteer.

In view of the fact that the management of the Club will spend all revenue of the Club over and beyond what is required for the land and tax payments it behooves every member to boost for a larger membership to the end of the course will, in the shortest possible time, be in first-class playing condition.

Better look your clubs over and put them in better playing condition. In the words of the immortal Andy Gump "It won't be long now."

This flag pole rope was taken away without permission by someone during the winter. The loss is not a serious one but the Club would very greatly appreciate having the rope returned without delay.

The chairman of the grounds committee hereby warns all sundry that the golf course is strictly a private property and that any entry of domestic animals found thereon will be promptly impounded.

It is hoped by next week to have an announcement in respect to the renovation and repair of the Clubhouse building.

MANY TREES PLANTED IN SOUTH

It is estimated that the new settlers in the Vauxhall District of Southern Alberta planted some 17,000 trees around their farm homes in 1927. Trees planted under similar conditions by earlier settlers in 1920 and 1921 have made splendid growth and are a great deal to encourage further efforts to beautify private farms in this way.

Mr. Gus Marey visited town during the week, returning to Calgary again on Monday.

Don't forget the dance on Friday the 23rd.

The C.G.I.T. Group hiked to the home of Mrs. Wooster to hold their regular meeting. The group planned to have a program on April 5th. After the business Mrs. Wooster gave a short talk on Ar, which all the members enjoyed. Mrs. Watson, the leader, gave the girls some drill, after which Mrs. Wooster served a delicious lunch. The group hiked back to Namaka feeling that they had spent a profitable afternoon.

CHEQUE ARTIST BUSY IN TOWN

On Saturday George Robertson, a young fellow whose home is in the Alta district, had some cheques enabled purporting to have been issued by M. S. Hirtle.

Robertson was a former employee of Mr. Hirtle, hence had no trouble in passing the cheques without suspicion as he was known locally.

As far as can be learned, three cheques were cashed; one at the Strathmore Trading Co., one at the Pioneer Meat Market and, one at Bill Williams Restaurant, totalling in all less than one hundred dollars.

The first intimation that the cheques were forged was received when the first one was presented at the Royal Bank and failed to pass the "sight eye" of Miss Gibson, the teller.

The matter was reported to Constable Harrison, who reported same to Calgary headquarters.

Hobbes left town on Saturday, going up with the Garrison Cartage.

So far he has not yet been located by the police.

Alberta Fish and Game Association

Farmers and ranchers are co-operating with fish and game associations, locally organized, for the purpose of forming an Alberta Fish and Game Association. Among the chief objectives of this provincial association will be the suppression of poisons, such as crow, magpies and coyotes, the preparation of recommendations which will advance the fish and game interests in their relation to farmers, ranchers and sportsmen, and the bringing in of new game birds, such as King-eared plovers, which will do well in this province.

In this connection, the Calgary Fish and Game Association has already arranged to bring in 1000 pheasant chicks this summer to be set out in the Calgary district. Other associations are taking similar steps, and it is indicated that there may be support from the provincial government in this respect.

In order to form a strong Alberta Fish and Game Association, it is desirable that local associations be organized throughout the province and all sportsmen in this district are urged to take an active part in accomplishing this end. Those who are interested are invited to write to C. A. Haydon, President of the Calgary Fish and Game Association, who is looking after the preliminary work in connection with the forming of the provincial association.

Coming Events

A play entitled "The Path Across the Hills" will be presented under the auspices of the Cheadle Ladies Club at Cheadle Hall on Friday, March 23. A supper and dance will follow. All are invited. 2134.

Oratorical Contests, district competition and president's cup, Memorial Hall, March 23.

Famous Georgian Singers in Hirtle's Theatre, March 24th and 25th.

The annual meeting of the Ladies Golf Club will be held at the home of Mrs. Van Tzichen on Wednesday evening, March 28th. Everyone interested invited to be present.

A meeting will be held in Barber & Craddock's store on Tuesday, March 27th, at 8 p.m. for the purpose of forming a fish and game association. All good sportsmen please attend this meeting.

Don't forget to attend the Chevrolet demonstration in the Memorial Hall on Friday March 29, when a factory expert will demonstrate the points of merit of the new Chevrolet car, and Geraldine White & Son will entertain their friends to a free dance and supper.

Prof. A. E. Ottewill, will give an illustrated lecture to the Canadian Legion or Tuesday night, March 27, subject: "A Night of Canadian History." Everyone invited.

CARLELAND

A statement of the play "Daisy First", put on in the Carleland Hall March 2nd, is as follows: Proceeds from play, \$154.00; Expenses, \$18.20; leaving a balance of \$135.80. Half of this amount, \$67.90, being turned over to the Community Hall, and the other half being turned over to the Woods Christian Home, Calgary, by the Ladies Aid. There was also a further donation of \$22.31 from Mrs. Laurie from the cloak room proceeds, which was also sent to the Home. The Aid wish to thank the community for their splendid support.

Fred Roe has purchased the farm of Purnish Hill, located at the bridge.

Joe Gerstin and family are busy moving their farm machinery to their farm lately owned by Chas. Transler eleven miles north of Calgary.

Mr. and Mrs. Jas. Nelson and family returned from their winter vacation in California.

The Ladies Aid will hold a sale of Easter lilies and plants in the Church on Saturday, March 31st. Tea will be served.

ROSEBUD MASONS HOLD LADIES NIGHT

The Rosebud Masonic Lodge gave their first Ladies Night on March 2, 1928. The members with their wives, mothers and daughters, met in the Rosebud Hall at 9 p.m., where they enjoyed progressive bridge and dancing for the first part of the evening.

Those winning the lucky scores in bridge were: Mrs. H. N. Jones, a lovely silver cake knife; Mr. C. A. Dunsmore, a tin with Masonic emblem; Consoles; Mrs. C. Constock, a box of chocolates; and Mr. A. E. Vigor, a fine California lemon.

At 11 p.m. the company were taken to the basement of the church where a most elaborate supper was served. The banquet was presided over by the Worshipful Master of the Lodge, and the usual toasts were given.

The speakers being W. M. Geo. N. DeWolf, Rev. P. Halstead, A. E. Vigor, C. B. McRitchie, Chas. Constock, H. Summers, John Martin, and G. A. Love.

The singing of "Blest be the tie that binds" brought a delightful evening to a close.

The committee in charge of this most successful affair were: Entertainment, A. W. Giff, H. Summers and O. S. Engbaum; Banquet, W. W. Bollek, H. N. Jones and M. N. Jones; Chair and conductor of both committees, G. A. Love.

THE STRATHMORE COUNCIL HELD REGULAR MEETING

A regular meeting was held on Tuesday night, Mayor Shrimpton in the chair and all the members present.

The minutes of the last and special meeting were confirmed.

By-law 125, confirming the appointment of John H. Cope as auditor for 1928, was read and passed.

Councillor Quira submitted copy of plan which had been sent to the Department of Public Works at Edmonton in regard to the Calgary Highway route through the town.

A communication was received from the School Board giving the estimate of funds that will be required, in which they hope to carry on with about \$200 less than in 1927. This to up the Secretary-Treasurer that the matter was left over for further consideration.

A grant was made to the District School Pair of \$50, which is the same amount as in 1927.

A letter was received from the officers of the skating rink, expressing thanks for the assistance given to that organization last year.

Applications were received from T. N. Milson and Frank Sabin for the use of vacant lots, and same will be granted if the ratepayers who used them last year do not wish to use them this year.

The Provincial Government in the new Town Act, have made it compulsory that all improvements must be assessed at two-thirds value, it will be necessary to raise the assessment and thus penalize the ratepayers who have improved their property, and automatically reduce the taxes upon vacant property.

Mr. Weary had expressed his opinion to this effect in regard to interpreting the act, and with his usual Scotch carelessness referred the matter to A. McLeod Sinclair, of Calgary, who very fully confirmed Mr. Weary's opinion.

Hence, when you get your tax bill, don't blame the Mayor and councillors, but just keep in mind and remember that your Mr. John C. Buckley is your local representative at Edmonton, and he is responsible.

A few accounts totalling \$25.00, were passed for payment.

McDONALD WILL GO TO CALGOW, WIFE IS SPARED

OTTAWA, March 21—The Department of Justice today announced that the life of Ed. Lewis McDonald would be spared and that instead of hanging on Friday with her husband, George, at Valleyfield, she would spend the remainder of her life in prison, probably at Kingston, Ontario.

THE FAMOUS PICTURE, "BEN HUR" AT THE STRATHMORE THEATRE APRIL 5-6-7

Settling the Matter of Men's Wear for Spring

THERE'S no better way of getting at what is really smart for Spring in men's clothing than by a glance over the new styles and patterns from the House of Hobberlin.

AND NOW THEY
HAVE ARRIVED

A larger and if possible finer showing than this splendid tailoring house has ever put out before. Featuring lively cheerful tweeds in good looking designs, fine worsteds and of course their famous blues.

Styles—correct up to the minute.

We are eager to have you see these New Arrivals whenever you can—

Thos. E. Wright

"MEN'S BETTER WEAR"

Agents for the House of Hobberlin, Limited

BRIGHT YOUNG MEN WANTED

Some one is calling—in this particular instance calling attention to what he declares to be the lack of capable catchers in the higher ranks of baseball, with a refrain that there are no signs in the minors that the lack is to be supplied.

The gentleman who slugs this brand of blues happens to be a scout of reputation and experience so his plaint cannot be dismissed so lightly. Yet we would say, before going into it in any detail, that however sound it may be, the condition is no more than one of the phases of baseball.

Some seasons, the game seems short on first sackers; in other years there is a lack of men who can play third up to the handle, or short or second, or what have you to kick about? Always, of course, there are not enough men who can pitch in the manner that particular specialty of the game should be performed.

Our scout friend says the rarest thing in baseball today is a catcher who can carry the load for a pitcher; a backstop who can work on the bat, knowing his weak points; mix up signals, to deceive the opposition in general; act as lookout for the in-

field—well, he all that a player should be who has the whole game in front of him, as the catcher faces it.

Catchers of that sort, our scout friend says further, are not coming up to fill the places of those who are retired because of age, or should be, and he does cite statistics that are not so comforting. He may be right about it. Looking over the backstops, past and present, we rather are of mind to say he is right.

But there is this about the game—in the ebb and flow of talent as needed it manages to keep a sort of balance. One season it may cry for first sackers who know how to shift their feet; in another the demand is for a shortstop or third baseman who can play the ball before it plays him, or a second baseman who can wheel on a double play. And the situation may seem hopeless, and the game likely to go to pot, from the viewpoint of the scout who seeks and finds out the wheel, capable men do appear to fill the crying need, and the game is saved, new stars acclaimed, and old masters at their positions forgotten. It may be so with the catching business. Until then it seems to be up to the pitchers to do their own pitch-

ing, with the men behind them getting the "office" regardless of backstop shortcomings.

ELK'S CARNAVAL COMMITTEE per D. M. Lundie, Treasurer. Certified Correct, F. J. Dunn, Auditor.

NOTE—The Legion waived their commission on the sale of Queen contest tickets.

SPORT NOTES

WEALTH OF NEW BLOOD IN MAJOR LEAGUES

CHICAGO—Each year as the Spring training camps of the major leagues begin to resound with the thud of the baseball, fan interest is focused to a great extent on the crop of newcomers who make their bids for fame in the pastime. The Spring of 1928 is no exception to the rule of the past, for it has its full quota of bats which are to be taken out of the hot houses for a bloom in the great, wide open of the majors. Also, there is the yield of those who are coming back for another try at it, after having had their shots, missed and been passed back into the minors.

To say which of the newcomers is the outstanding rookie of the season at this time is something for the scouts to work on. The verdict of the fans and scribblers will be withheld until they have had a chance to see.

There is Orelle Orvill, the combination man who comes up to the Philadelphia Athletics from Milwaukee of the American Association. If Orvill doesn't deliver more league-quality hits, it will be a sad blow, for his record last year bespeaks of big things. He was first in won and lost games of the pitchers, with a percentage of .739. Then, too, he was second in batting with an average of .270. He can play the outfield as well as first base, and it's little wonder that he is being watched as one of the most promising and promising of the new consignment knocking at the major league portals.

Clell is Being Watched
Chasler Clell of the White Sox, the flash shortstop from Rockford in the Coast League, who cost the Sox something like \$123,000 in coin of the realm and playing chattels, cannot be passed up with a nod. Clell hit .328 and fielded .924 for Portland last season and is regarded as a certain major leaguer by the West Coast critics.

Then there's William (Jumbo) Barrett, the catcher whom the New York Giants purchased from Menlo Park of the Southern League. A lot of his batting feats suffice to explain the origin of the nickname, "Jumbo."

Barrett cost of Knoxville for a good part of last season, Barrett turned up as the home run king of the Sally League with 29 round trips to his belt. At Raleigh, a few years back, young Jumbo drove a ball that traveled 602 feet and two inches before it made a landing. This is claimed to be seven feet longer than Babe Ruth's greatest contribution to the annals of sweat. At any rate, Barrett's batting average for last season was .360, and his fielding record was .975. Good enough to list him among the elite of the comers.

Detroit is singing the praises of Vic Zorrell, a right-handed pitcher who crosses the border from Toronto to join the Tigers. Zorrell had a win and lost pitching record of 436 last season, and he wasn't at his best. Scouts who have looked him over 837 many nice things about him and it is believed that he will register high in the big leagues.

The Tigers have another newcomer for the honor roll in Bill Sweeney, a first baseman purchased from Fort Worth of the Texas League. It is said that Sweeney will make Johnny Neun step wide and handsome, even though he may not run him off the job. The Tigers, though, well of their anxieties to trade off Lu Blue, and figure Sweeney protection enough against any mishap to Neun.

Maguire Has Tough Task
Freddie Maguire, the last generally picked to fill the second base shoes of Spauldy Adams for the Cubs, has from Toledo of the American Association. His hitting mark was .326 and his fielding span the dist to .963. If he does near as well in the big time there will be none to gain his right to a place in 1929's emporium of fame.

The St. Louis Browns respectfully request that the record of Pitcher John Ogden from Baltimore in the International League be not overlooked. Ogden won 21 and lost nine for Jack Dunn's Orioles in the last drive, and the good part of it is that John has been doing that sort of thing for some seven or eight years. He's been a long time getting his chance, but his backers say he'll show he deserved it, now that he is to have it.

The Boston Red Sox are pinning considerable hopes to Douglas Taitt, a hard hitting outfielder, who worked his way up from Nashville in the Southern League. Taitt batted .350 for the Vols and is touted to be a

man who stands up at the plate with a firm toe held and falls away at the tempting offerings with excellent results. The Red Sox are also looking to Merle Settlemyer, who did not have such a great year pitching for the somewhat great Mobile entry of the Southern. However, that's neither here nor there with what he can do according to Pat Monahan, the scout who stands sponsor for him.

Cleveland banks with considerable strength on the future performance of Edlio Morpan, the former Tulane University player, who had a fine year for New Orleans in the Southern League, and the Philadelphia Nationals have done a lot of crowing about the acquisition of First Baseman Bill Kelley from Minneapolis.

O'Doul Coming Back Strong

The list of those who are coming back for another trial under the big canopy is not without players who have done exceedingly well in the minors. Prominent among these is Frank (Lefty) O'Doul, once a major league hurler, who is returning as an outfielder with the New York Giants. Last year, with San Francisco, in the Coast circuit, O'Doul was named the league's most valuable player. In addition to other things, he batted .287 for the Seals.

Marty O'Callaghan, who was next to O'Doul in the most valuable player poll, coming from Seattle to take another try in the majors, this time with the Cincinnati Reds.

Young Andy Cohen, out on option to Buffalo, had a great season in the International League, and has been recalled by the New York Giants, being ticked as the most likely lad to fill the vacancy ripped open by the trade of Rogers Hornsby to Boston. Del Bissonette, who hooked a lion's share of the honors in the International League while playing the first sack for Buffalo, is to have his opportunity with Brooklyn, and his record last season was one of the most impressive in Organized Baseball.

Harry Ricarda, who had a fine season for Milwaukee in the American Association, finds himself getting another chance as third baseman for

Brooklyn, where he is heavily counted upon to add a punch to Uncle Wilbert Robinson's combination.

There are many others. The Yankees have Gene Robertson, and the Tigers own title to Pinky Hargrave and Frank Baum. Edwin Wells, Tom Taylor, Mule Shirley and Luther Roy are with the Senators. The veteran Joe Bush, Joe Hauser, DeWitt Lebovitz and Claude Jomard are checked in again with the Philadelphia Athletics, and the Browns are offering Clyde Manion another whirl at it.

Denny Williams, Charley Berry and John Hiving have bobbed up again in the big show with the Red Sox. Billy Hayes, George Orkes and Elton Langford appear on the roll of the Cleveland Indians.

The Giants have Jess Doyle, Leo Masgrum and Art John for another major league endeavor, and Harold Hald and Syd Johnson will try to earn, places with the Cardinals. Big Tim Edwards comes back with the Reds, and Norman McMillan and Joe Kelly are down for a flag with the Cubs after trips to the minors. Howard Preiss, Leo Koupal and Art Tyson are other post graduates who re-land up with Brooklyn for the coming season, and Fred Pursell is attached to the Pirates. Art Delaney, once a Card, is back with the Braves.

Youngsters Seem to Be Favored

There is a marked tendency in the majors this season to offer more opportunity to the younger men, and the passing of such veterans as Ty Cobb, Ed Shawkey, Dutch Ruether, Rip Collins, Walter Johnson, Sherry Smith and the like indicates the trend of the times. Many of the new arrivals are not ready for major league toil, but a large portion of them will be held with strings, when sent out, and the fact that so many of them are getting the training camp trip is indicative of the policy favoring young blood.

NIGHTINGALE

The U.F.W.A. held their regular meeting at the home of Mrs. Ira Bloomer last Thursday. The attendance was good, and several interesting discussions took place. Mrs. Stodley was appointed convener on marketing.

Mrs. J. C. Busch and daughters returned from a month's visit with relatives and friends in Uniontown, Washington. Her sister, Miss Georgian Herbolt, came with her for a visit.

Mr. R. A. Lambert has been busy on the road with nursery business.

Mrs. Thurston and children expect to leave soon for Alderson, where they will live in the future.

Leonard Hilton and Bill Malcolm went to Irricana last Friday with their music machine, and put on a dance at the hall.

The U.F.W.A. held a very successful social at the hall on Friday evening. Mrs. Thurston favored the audience with a song, and Bessie Plesner a violin solo. Baskets were sold before supper and dancing was the main feature.

The U.F.W.A. wish to thank all who gave their support, and especially appreciate the music by Mrs. Thurston, Mr. Plesner and James Gannon.

Mr. Harriman won a pillow on a raffle, and Mrs. Phil Donkin guessed the correct weight of the fruit cake, while Pete McLean carried off the barrel rock rooster donated by E. M. Stodley.

Mr. and Mrs. Don Osmond were Calgary visitors last week.

Mrs. Carl Forester went to Irricana to attend a farewell party for her sister.

Florence Harriman has gone back to school in Strathmore.

J. C. Busch is able to smile again.

DALEMEAD

Mr. Ben S. Plummer, Wheat Pool director, was in Dalemead last Friday evening, when he addressed a meeting of about twenty-five men, using a style particularly his own. It was easy to follow up his talk, which effectively brought home the objects of the Pool. He also spoke at some length on his elevator program, and the average prices as paid by the Pool in comparison to that paid by the Grain Trade.

The Dalemead High School students will stage their local contest for oratorical honours on "Canada's Future" on Wednesday. This has created quite an interest throughout the community, and should be attended by a capacity audience.

The U.F.W.A. held a well attended meeting at the home of Mrs. Angus McKinnon last Thursday, when Mrs. S. B. Thompson gave a very interesting talk on California, illustrated with photos taken while on her trip to that part of the States several years ago.

LANGDON

Mrs. W. Smith was a delegate to the Women's Institute Southern District Conference held in Lethbridge, March 7th and 8th.

The Langdon Baseball Club put on a very successful box social and dance in the I.O.O.F. Hall Friday evening. Local and Calgary talent furnished a pleasing vaudeville and musical program, after which P. Fulton auctioned the boxes. Splendid music for the dance was furnished by a local orchestra.

A good crowd came to the W. I. rooms last Saturday to hear the speakers for the wheat pool. They were Ben S. Plummer, who gave an interesting talk, and also said that irrigation was the place for a pool elevator if they want one. Mr. McLeod and L. D. Nesbitt, publicity secretary, also gave talks.

I Saw Last Week

T. L. CHAMBERLAIN solving some irrigation problems on Third Avenue. JIM MORAN celebrating St. Patrick's Day by taking a little "scotch" emotion. BOB GREY delighted with the changes to be made at the Alberta Pacific elevator. D. M. LUNDIE and M. S. HIRTLE having a heart-to-heart talk on Second Street. FRED J. DUNN reading some news items for the Calgary Alberta. KATHERINE BELLINGER and ADA WRIGHT out working for the Irish on Saturday. ANDREW GARRETT conducting some engineering experiments on Third Street. ALL KINDS OF NICE WORDS being expressed about the Mayor and Councilors responsible for making Third Street and Second Avenue crossings safe for pedestrians to cross without danger of being mired. HERB HAINES and JIM MORAN discussing ways and means of arranging their work in order to get away for a few days when the fishing season opens. GEO. ANDERSON discussing bank cheque signatures, and Miss Gibson picking out the good ones. CON. STABLE HARRISON getting busy on the forger case. BOB GRAY advising Percy Parish to join in a crop of oats. JIM WEIR looking for volunteers to clear the snow off the Tennis Court. W. N. WATSON coaxing Principal Crowther to join the Strathmore Aero Club. MISS ALICE GARRETT coaching her big brother, John, for the Oratorical contest. "KING KELLY" telling the gang in the kitchen at the Firemen's dance a few things about how the cats should be handled. HERB BELLINGER making a study of Municipal Affairs. D. N. Gardiner had better watch his step. J. VAN TIGHEM enjoying his coffee at the Firemen's dance. GENE KIMMETT mournfully predicting snow on Sunday. CASEY NEHRING and JOHN VERMONT showing the inhabitants their nifty spring grey tweed suits. PAUL BARTELEN giving a statistical report on the merits of the new Ford in comparison to the high-priced cars. DICK LILLY claiming the Calgary road is about the best he has ever seen—for mud. BILL TIENNEY explaining to Jim Moran just how the Amprior hockey team can beat the world.

SEEDLESS TOMATOES
WEIGH FOUR POUNDS

NEWTON, Kan.—After five years
of experimenting D. G. Klansen, a
local greenhouse proprietor, has per-
fected a seedless tomato that has
won the recognition and interest of
the horticultural world.

Klansen's efforts interested only
slightly the late Luther Burbank, who
offered him a small amount of money
for his secret. Now prominent nur-
serymen throughout the country are
bestselling him with tempting offers.
Among the seedless tomato plants in
his greenhouse today is one five
years old that is 37 feet in length.
The largest tomato from this vine

lacked one ounce of weighing four
pounds. Hanging baskets are placed
over the tomatoes to protect them
from the tomatoes to protect them
yet reached his head.

"I want to make it sweeter and
more perfect in its smoothness," he
said.

Local Jottings :-

Mrs. M. S. Hirtle entertained the
members of the Ladies Curling Club
on Thursday night.

When you see Bill Tierney looking
so dejected that he might easily con-
jecture that he had met with a sud-
den and severe financial loss, you are
mistaken. It is but the shock he re-
ceived when he learned that the Am-
prior "Wulfska" had suffered defeat at
the hands of the Montreal Victors.
The team was going strong when
something happened. Hopes are en-
terained for Bill's recovery.

On Monday Charlie Keeling was
busy unloading a number of the stock
animals of the Canadian Pacific ex-
hibit which was displayed at Wem-
bley.

Richard Bailey, who was an interest-
ed attendant at the Probus Club meet-
ing, says he is prepared to make a
contract to keep the road open next
winter from Pierson's hill to Strath-
more for one hundred dollars, if the
Club will provide the equipment at a
cost not to exceed another hundred
dollars.

Mrs. L. M. Dewitt has returned
from Coal Valley, Illinois, where she
has been spending a holiday for
several weeks. She has returned re-
freshed from quite a severe illness, but
feels that with the good old Alberta
sunshine that she will soon be in good
health again.

The oratorical contest on Friday
night is creating a very keen interest
in the two contests, first the deciding
of the district championship in which
John Garrett will carry the banner of
the Strathmore fellows, against the
candidates from Langdon, Carleton
and Delburne. Fully as much inter-
est is manifested in the Scholastic Cup
contests for Grade VIII pupils, in
which at least one outside competitor
will be present. In this contest the
winner receives a cup and the second
represented also will hold another cup
for a year.

On March 20th White & Son have
made arrangements to hold a demon-
stration of the New Chevrolet cars in
the Memorial Hall, when a factory
expert will be present and give full
information upon the points of merit.
Everyone is invited, whether pros-
pect, buyer or not. Miss White has
also made arrangements for a big
banquet and supper to be held after the
demonstration, which is free to all,
and everyone is welcome.

Mrs. A. A. Moore was called east
to Port Hope, Ontario, where her
brother had met with a serious ac-
cident.

W. D. MacLean spent Friday in
town, his son, Hector, accompanied
him back to Calgary.

The present season has been most
successful, up to date having had near-
ly 19 days of slating.

Mr. Fred J. Dunn has been appoint-
ed local correspondent for the Calgary
Albertan.

Mrs. MacLean and Mrs. Grive, of
Calgary, have taken over the Strath-
more restaurant, recently operated by
Miss Akerman, and are very much
encouraged with the patronage re-
ceived since they opened for business.

At the Oratorical Contest in the
Memorial Hall on Friday, March 23,
in addition to the two competitors,
a splendid musical program is being
provided. Let everyone turn out and
give their hearty support to the de-
velopment of the art of oratory.

The many friends of Mr. Douglas
French will be pleased to learn that
W. S. Patterson saw him in Vancou-
ver, and that he is in splendid spirits
and making a fine convalescence, and
hopes before long to visit his Strath-
more friends.

Great excitement on Third Street
on Wednesday when "Mick" Tor-
rance led the advance, accompanied
by a fine "goat". It stopped at Jim
Moran's shop, and the impression was
conveyed that the "goat" had es-
caped from the Masonic Hall, and
that it was looking for its "old pal",
the popular plumber, who had kept
himself busy during the cold weath-
er putting in a furnace in the
Masonic Temple.

Mr. George Schmidt, of New York,
is in Strathmore, and will make his
home with his aunt, Mrs. Bertha
Stangler.

W. S. Patterson has returned from
Vancouver, where he spent his vaca-
tion.

Mrs. D. N. Gardiner and son, who
have spent the winter in Victoria,
have returned.

The U.F.W.A. members surprised
Mrs. A. Ashley on her birthday, March
18th, when a very happy afternoon
was enjoyed.

CHEADLE

The Chedale Curling and Skating
Club got away to a start on Thursday,
the 18th, when a meeting was held at
which O. G. Craig was elected presi-
dent, and Bob Wadg secretary treas-
urer. After seeding, grounds will be
get ready, and everything prepared
for ice next winter.

Mr. and Mrs. J. G. Miller has re-
turned home after a few weeks visit
in Calgary.

Mrs. Craig, who has been on the
sick list for the past few weeks, is
around again.

Mr. and Mrs. A. Pierson are expect-
ed home about the end of the month.

The play to be presented on the
23rd is going to be good; the cast is
rehearsing hard, and are about ready
to give everybody a real evening's
entertainment.

O. Edwards, C. W. Barber, H. Bald-
win, Mr. and Mrs. Craig were visitors
to Calgary during the past week.

MANITOBA MAY USE

Large quantities of Alberta tar
sands may be used during the coming
summer in connection with an exten-
sive program of road building to be
undertaken in the province of Mani-
toba. Representatives of Alberta Tar
Sands companies have been in nego-
tiations with Manitoba authorities for
some time, and the plan under con-
sideration involves the erection of a
plant at McArthur or some other
point adjacent to the deposits, where
the tar can be extracted from the
sand in order to reduce the cost of
transporting this road building ma-
terial.

BY-LAW NO. 125

A Bylaw of the Town of Strathmore
for the early closing of shops.

Be it enacted by the Council of the
Town of Strathmore as follows:

That the following shops, viz:
GENERAL STORES
GROCERY STORES
CLOTHING STORES
HARDWARE STORES
CHEMISTS AND DRUGGISTS
DEALERS IN LUMBER
BUTCHER SHOPS
SHOEMAKER SHOPS

LADIES HAIRDRESSING SHOPS

be closed and remain closed on Wed-
nesdays at 1 p.m. during the months
of April, May, June and July, 1928.

Any person contravening this By-
law shall be guilty of an offence and
liable on summary conviction to a
penalty not exceeding \$50.00 and
costs, or in default thirty days in
prison in the nearest common goal in
case of non-payment of the fine and
costs inflicted for any such breach
unless such fine and costs, including
the costs of conviction, be sooner
paid.

Done and passed in Open Council
this 8th day of March A.D. 1928.

NOTICE

Take Notice that I, Mike Heinle, mein Sr., will not be responsible for any debts contracted by my son, Alphonse, after this date.
Rockyford, March 6th, 1928. 2534

FOR SALE: SEED POTATOES.
Early Ohio and Wee McGregor, from pure registered seed. Apply J. W. Kenworthy, Rockyford, Phone 1012. 2534

FOR SALE: 1 JOHN DEERE TRACTOR, 8800, terms; 1 Massey Harris 3-furrow Blue Plow, \$100; 1 4-furrow John Deere Blue Plow; Tractor Hitch, \$50; 2 Van Brunt Press Drills at \$75 each; 1 Deering Single Disc Drill at \$60. All guaranteed A 1 shape. R. D. C. Fulton, Rockyford, Phone 43. 2534

The contents of the mud river, locally called "roads", is thickening rapidly under the influence of the warm and drying winds of the past week, and it is to be hoped that they will soon dry right up.

Mr. and Mrs. A. D. Kettlesch returned to Rockyford on Saturday.

Mr. R. C. D. Fulton, Massey Harris agent, reports a brisk business in tractors during the past week.

There is an outbreak of spring cleaning in the district. All good husbands will keep their tempers and clear out until the fever has run its abundant course.

It is to be hoped that the weather will now remain fine so that the balance of spring left over from last fall may be completed in time not to interfere with harvest. Several farmers are planning to start this week.

ROCKYFORD

Mr. R. D. Baxter, Deputy Minister of Telephones, Edmonton, was the guest of the Canadian Club at a luncheon here on Friday. Mr. Baxter gave a most interesting address on the development of the telephone system up to date. Among other things he explained just how it is possible to talk from Calgary to London; he also pointed out how it was possible, by using the telephone in conjunction with radio to broadcast the programs of outstanding public events throughout the Dominion. A hearty vote of thanks was accorded Mr. Baxter for one of the most interesting and instructive addresses delivered here for a long time.

The Canadian Legion of the British Empire Service League, which it is hoped will have a branch at Rockyford in the very near future. Mr. A. H. Erwell has all the membership application forms, etc. on hand, and a meeting will be held at 3 p.m. Wednesday to elect officers, etc. It is to be hoped that all who are eligible will come forward and make this thing a real success. Don't hang back because there are not many Vets in the district—that's all the more reason for us to combine, and Capt. Dancy has assured us of the backing of the head organization in our endeavors.

We are sorry to report that the seven-year-old son of Mr. and Mrs. Sloaner has been admitted to the General Hospital, Calgary, suffering with diabetes. We hope to be able to report next week that he is responding to the treatment.

A most successful St. Patrick's dance was held at the Rockyford Hall on Friday. There was a good crowd of "Irish" present, but we fear that the spirit was mostly "Scotch"; it not more.

Friends of Mrs. Ed. Ross, of Bainbre, will be pleased to learn that she is making good progress under the

treatment for neuritis, which she is taking in Strathmore.

Mr. Lambert, of Nightingale, has been a visitor to Rockyford this week, busy taking orders for trees and shrubs. There are many less profitable investments being made than buying trees, which will not only beautify your home, but will greatly increase the value of the property in years to come.

Gophers are running about the road side. The first man who saw one is a liar.

Mrs. Gillespie and daughter returned to Rockyford.

Mrs. Billy Walker and son are at present on a visit to Mrs. Walker's parents, Mr. and Mrs. Griffiths.

On March 27th, there will be a most interesting and instructive motion picture show at the Rockyford Hall, demonstrating the construction and working of the Chevrolet motor. This show will be free, and prizes given. Don't miss it.

UNRESERVED

ROCKYFORD, UNITED CHURCH

On Friday night a very interesting event for the boys of Trail Ranger and Explorer camps in the Rockyford United Church took place. A parent and son banquet was held at which over sixty parents and sons were seated. The supper was bountiful and enjoyed by all. After this songs and toasts occupied the attention. Wallis Gibson acted as Master of Ceremonies and called upon the following to propose and respond to the various toasts:

Mothers—Norman Coulson and Mrs. Thorburn.
Dads—Russell Bragg and Mr. Hunter.
The School—Ralph Dyer and Miss Stubbins.
The Church and Sunday School—Donald Walrod and Mr. Punt; C.E.T.—Harvey Birt and Mr. Hibbert.
Mr. Walrod and Mrs. Fulton added greatly to the enjoyment of the com-

pany with their singing. Games in which Fathers and Sons and Mothers had a part came next, and were directed by Mr. Hibbert in a manner that secured most hearty competition between the groups. Everyone proposed the supper, the speeches, the songs, in fact, every part of the whole evening, good.

On Saturday afternoon Mr. Hibbert led a number of workers in most profitable discussion on matters of importance in Sunday School affairs. Commitment to Christ Missions, Ten. Service were some subjects discussed.

The evening Church service of Sunday, March 18th, was in charge of the Young People, and the manner in which the selected few carried out their parts was very creditable indeed. The choir assisted in the usual efficient manner. Mrs. MacKenzie rendered as a solo, "A Clean Heart", with much sympathy and feeling. Mr. Hibbert gave a very challenging and hopeful address from the text, "Conquering and to Conquer". Mr. E. Kenworthy directed

the service, Miss L. Dyer led in the Scripture readings, and Mr. MacFarland offered prayer. It was a well attended and hopeful hour of worship.

Mr. Hibbert is the Secretary of the Religious Educational Council of Alberta, and his visit at this time was much appreciated.

Why not attend Sunday School at 11 a.m. and the evening service in the United Church at 7:30 p.m. every Sunday.

PROVINCIAL SAVINGS CERTIFICATES POPULAR
—
Alberta Provincial Saving Certificates have proved a popular form of investment since the first of the year. According to officials of the Treasury Department, the gross sales amounted to \$1,146,912 in January, and \$66,208 in February, and allowing for withdrawals the net business to the end of the first week in March totals \$168,977.

HUGHES MOTORS

STRATHMORE - ALBERTA - ROCKYFORD

VIENNA EXPERT
INVENTS COLOR
PHOTO CAMERA

VIENNA—Despite the advances made in color photography during the last few decades, it has hitherto been impossible to produce photographs in natural colors without great penalties. The difficulty of arranging exposures of different lengths to take the different colors has taxed the ingenuity of some of the most expert photographers; but it is now claimed that it has been overcome in the latest invention of a young Viennese photographic expert, Joseph Mroz.

As the result of 17 years' research in the branch of photography, Mr. Mroz has just patented an "Instantaneous Color Photo Camera," which he claims can take a color photograph in less than one-tenth of a second. By a special contrivance fitted into the camera, the three exposures which are necessary take place automatically and are regulated mechanically in such a way that the right amount of light is allowed to enter for the three "partial pictures" which are taken. The camera has only one lens, no reflector or prisms and is the same size as the usual reflex camera.

Instead of glass plates, Mr. Mroz uses non-perforated films, about twice the width of those used in the cinema. The same arrangement as in the cinema camera is used for fixing the films, which runs on rubber rollers, working automatically by simply pressing a button. This last act brings the color filter and the indicator into action. The manipulation is then quite simple. Having first fixed the distance in the ordinary way, the handle is turned so as to register, the necessary tension on the rollers within the camera, according to the speed required, and then the exposure, which can range from one-twelfth to one-tenth of a second takes place.

A short turn, and the camera is ready for the next exposure. The unrolling of the films takes place automatically, and the camera can be loaded or unloaded in daylight, as special little compartments have been made for the chromatic fillings, one of which is enough for 500 separate exposures. The development of the negative can be done in the ordinary way, and these can be used for the production of films in natural colors according to the usual methods without delay.

The photos shown to the Monitor representative were well defined and of a rich tone. Many of them had been taken by amateurs, who knew little of the technique of photography. Mr. Mroz declares that his new camera will soon be on the market. There will be a model for the expert and another for the amateur, the cheapest form of the latter to cost only about \$20 retail.

NEWSPAPER CHAIN
BACKS MR. HOOVER

NEW YORK—At a convention of editors of the Scripps-Howard News-papers just held in New York

city, a resolution was adopted that the newspaper chain would support Herbert Hoover, Secretary of Commerce, for the presidency, if he is nominated by the Republican National Convention. Gov. Alfred E. Smith, of New York was second choice, of the editors.

The announcement was made here in the New York Telegram, one of the largest of the Scripps-Howard group, which consists of 25 newspapers in widely scattered sections of the United States. These papers have been uniformly independent in politics, and in recent months have been carrying on an extensive advertising campaign, in which they emphasize the value and duty of a newspaper to the community which it serves.

"We are of the unanimous opinion that Herbert Hoover is the best qualified candidate for the presidency put forward in either party by reason of his character, training, experience and cosmopolitan outlook on national and international affairs. We endorse him as our choice for nomination and election."

"It is our informed opinion, coming as we do from all sections of this country, that Herbert Hoover among Republicans everywhere is the preference of the rank and file. It is and will be our purpose to expose the selfish character of certain favorites and other false leaders' movements, calculated to defeat the will of the people and hinder Hoover's nomination. As between a Republican like Dawes or Lowden and a Democrat like Smith we will support the Democrat."

HAIG HOMES FOR
AGED WARRIORS

LONDON—The building for aged warriors of separate cottage homes is likely to form the National Memorial to Earl Haig.

This scheme, it is understood, arises out of the wishes expressed by Lady Haig to an old friend at Bemersley on the day of Earl Haig's burial. "I am very anxious," Lady Haig said, "that any memorial shall take the shape of homes for ex-Servicemen and their families. Homes especially for men who are getting on in years and are from one cause or another actually without a home."

"I would like these homes to be spread all over the country, and for them to be known as the Douglas Haig Memorial Homes."

"I do not mean institutional homes where large numbers are gathered together. Why not something individual? Every home a separate cottage." Further definite form was given to the suggestion at a special meeting held at the headquarters of the British Legion.

"It was decided," Colonel G. R. Crossfield, chairman of the British Legion, told a newspaper representative five afterwards, "to recommend that a national appeal be made for the provision of memorial homes throughout the country, to be called the Douglas Haig Memorial Homes for Aged Ex-Servicemen."

HEARD ON THE
STREET

Jim Swanson remarks that woman says she's only twenty-five, but she polishes her shoes on the back of her stockings; an she learned that when skirts were long.

It is said that Jim Gannon was in an automobile accident.

Yes, a young lady crowded him off a country road.

Nonsense, his best girl does not own a car. She went for a ride with him.

D. A. Perry asked Ernie Whitehead if any of his family ever made a brilliant marriage.

Ernie replied: "Yes, my wife."

John C. Davis was trying to drive a hog through a gate. The stubborn animal would do anything except go through that gate.

"Want any help, chum?" asked a passer-by.

"No," replied John "but I'd like to know how Noah got two of those blighters into the Ark!"

Customer: "Do you serve fish at this cafe?"

Bill Williams: "Yes, we cater to everyone."

Alice: "Last night Bobby told me I looked sweet enough to eat."

Aggie: "Yes, Bobby is fond of nice things."

Wife: "John, I'm writing a paper on calendar reform for our club. Do you know which Pope gave us our present calendar?"

Husband: "Pope? Good gracious! I thought it came from Spence Hughes."

She: "What do you think of the new type of car that can be converted for sleeping?"

Gene Giron: "It's the bunk."

Upon investigation, it has been reported that a man works as hard playing three rounds of golf as in plowing an acre of land. Al Fred Plum turns over as much ground.

Steve woman: "This job's sure a tough craft. I need a rest, that's what I need."

Girl Friend: "Yeah, so do I. I tell you what, I've just about made up my mind to get married for a while."

Teacher: "Vincent, you've not done a stroke of work this morning, and I've told you again and again that the devil finds work for idle hands to do."

Vincent: "Yes'm."

Teacher: "Now take your notebook and write that out 20 times."

Pat Customer: "Your right lower, Jack Crellin, gave me a box of brown tablets instead of chocolate creams."

Ronald Reid: "So sorry? You owe me 40 cents more. Jack is getting to be a great salesman."

"How did you get your head cut up that way? Railway accident?"

"No, a fellow threw some tomatoes at me."

"But surely tomatoes wouldn't crumple your head?"

"No, but the man forgot to take the can off them."

Husband: "It's no use your looking in that shop window. I haven't more than a dollar with me."

Wife: "You should have known that I might want to buy a few things."

Husband: "I did."

In order to get the exact ages of her pupils, the teacher requested all the little folks who had birth certificates to bring them along on a certain day.

One little girl took hers and handed it in to the sober teacher.

"Here's my 'cause for being born."

Ken: "Dad, gimme a dime."

Dad: "Don't you think you're getting too big to be forever begging for dimes?"

Ken: "I guess you're right, Dad. Gimme a dollar, will ya?"

Indignant Mother: "Come on, Audrey, I'll tell you about Mary and Her Little Lamb."

Audrey: "Oh, Mother, please tell it to Daddy. I'm busy."

Little Mary, who had fallen ill, begged for a kitten.

It was found that an operation was necessary for the child's cure, and that she must go to the hospital. The mother promised that if she were very brave she should have the finest kitten to be found.

As Mary was recovering from the influence of the anaesthetic the nurse heard her muttering: "It's a rotten way to get a kitten."

Aunt Het says: "Pa has worried off and on ever since we was married; but I don't never signify nuthin' except that he needs a tonic."

Occupant of Bishop's Chair: "Before you begin, I want you to understand that I am a man of few words."

Frank Seales: "I'm married, too."

A girl attended court to act as interpreter for her mother, an Italian, who wanted to talk.

Mr. Registrar: Pried: "Will you please tell your mother to be quiet?"

Girl (pulling the woman's sleeve): "Mother, shut up!"

They're recruiting for the Swiss navy in Edmonton, and they have the snappiest recruiting agents ever turned loose in any man's city in the person of two well-known business girls who are getting recruits right and left.

Here's how they work it. Very demurely they approach a likely looking lad who might like a life on the ocean wave, and shyly ask: "Could you give me a dime, please?" Nearly everyone digs down for beauty in distress, and then comes the deprecating:

"Oh, thank you, kind sir," says the demure one. "Here's your receipt."

And she goes it, to send that lady "THANKS."

"THANKS. You are now a member of the Swiss navy. Your dime will be used to help bury the Dead Sea. Be a good donor, be a jacket. Hand this to some other sap and get your dime back."

A tree containing enough lumber to build twenty-two homes of average size has been officially recognized as a contender for the title of "Monarch of California Forests." The tree was 508 feet high, 30 feet in diameter and contained 361,366 board feet of merchantable lumber.

"Bill" Tierney says he would like to make use of the telephone connection with England as he has a lady friend who lives in Wales, "but just imagine," said Bill, "calling up that quiet little Welsh town of Llanfairpwllgwyngyllgynegwllnoyrnnechymantgwynyllo, and having to ask if you had the right town when you got the connection! You'd be using the four minutes before you got past the first 'no'."

"Guess I'll buy a ticket from D. A. Perry."

THE HIGH COST OF KISSING IN NEW YORK

John H. Murphy, a New York real estate man, is being sued by Miss Viola C. Rayman, his former stenographer, for \$100,000 in a breach of promise case. Mr. Murphy says that he kissed the young lady once as solace for her tears and crying. This is a time for men to stick together. Some recent prices have been received for kisses at various times in ten world's history but it is time that a stop was put to the practice. We feel that a universal schedule should be drawn up by the League of Nations setting out the prices young women can charge for kisses. As I know the boys at the League of Nations are sitting out the prices young women can charge for kisses. I have drafted them a schedule which I shall submit and they can put it into immediate effect.

Schedule of Prices for Endearments and Caresses

One kiss 25

Two kisses 40

Kisses in dozen lots 1.00

A combination hug and kiss 50

Holding one hand 10

Holding both hands 15

Sitting with arm around waist (per hour) 50

Driving in auto with arm around waist (per hour) 1.00

Such words as honey, lovey, cutie, dearest, sweetie, sweet mama, honey bunch, lovey lambkins, shall be charged for at the rate of five cents per word or fraction of word.

The phrase "Oh, so big, strong, lovin' papa" shall be charged for at the rate of \$5 for the first offense, and \$25 for each subsequent offense.

I recommend that these prices be posted up within plain sight in every office, domestic habitation, or hotel, and that they shall be posted on every lamp post in every hamlet, town or city in the world. I have mailed a copy of these prices to the League of Nations and I expect a prompt reply.

"Fuh," said Jim Swanson, "I would 'n' live in New York on a hot, too risky for your Uncle Daddy."

LONDON'S NEWEST RAILROAD IS UNLIKE ALL OTHER LINES

Although neither Lilliputian nor Brobdingnagian, the London mail "tube," which was opened to the post last week, has a distinction all its own. There isn't another railroad like it in all the world. London's smallest

FARMERS SHOULD

SECURE SEED

OATS EARLY

Farmers throughout the province
are being advised to place their orders
early for the seed oats they will re-
quire for the 1928 crop, states Provin-
cial Field Crops Commissioner W. J.
Stephen. While the seed oats situa-
tion this spring should not cause
widespread alarm, there is undoubt-
edly a considerable shortage of good
seed oats in some sections of the
province and a serious scarcity at
seedling time can be avoided if
farmers will make provisions to fill
their requirements as early as pos-
sible.

The germinating quality of oats has
been lowered to some extent in a
number of districts where the crop
has been exposed to the weather over
winter and farmers in these localities
are urged to have germination tests
made on the grain they intend to use
for seed. Large quantities of seed
of a quality suitable for seed have
been shipped out of this province dur-
ing the past few months in other sec-
tions of Western Canada where they
will be in keen demand for the com-
ing crop, and in addition many thou-
sands of bushels which might have been
retained for seed purposes have gone
through the regular channels to the
millers.

Elevator companies throughout the
province are helping to meet the situa-
tion by holding in their country
houses a supply of oats suitable for
seed, and it is felt that there will be
little difficulty in supplying the de-
mand if farmers who will need addi-
tional seed oats for their coming crop
will make their requirements known to
their local elevator agent at once.

DEVELOPING GOOD

WILL BETWEEN

CITY AND COUNTRY

The meeting held by the Strathmore
Probus Club, to hear from the Cal-
gary Probus members, was exception-
ally well attended.

The information given by the Cal-
gary representative was very brief
and complete, and the low cost of
keeping the High River road open was
exceedingly moderate and very con-
sistent to the local members who
have been endeavouring to solve the
problem of having the Strathmore
roads open during the winter in or-
der that general business may not be
interrupted.

The method used on the High River
highway may not be the panacea for
the Calgary-Strathmore highway owing
to the snow conditions varying
to some extent. Many of those people
who have made a study of the ques-
tion are certain that in years when
the snow fall is light, the same method
might solve the problem.

Strathmore is most concerned in
how to keep the several roads leading
to the town open, and no doubt the
Probus members will be only too glad
to co-operate with the people of the
other towns in arriving at some definite
plan.

A special committee was organized,
consisting of Mr. Cammatt, Mr. G. H.
Patrick and Mr. Spence Huber, each
of whom are interested in the winter
road question from a different view-
point, and that very shortly some real
concrete suggestions may be expected.

The Calgary Probus Club and the
Strathmore Club were organized each
with a different objective. The Cal-
gary Club primarily was brought into
existence to help develop business and
good will between the city, town and
country from which outlook they de-
velop the idea of demonstrating how
to keep the winter roads open.

The Strathmore Club has brought
into existence, mainly to reach if pos-
sible, a solution of the trials and
troubles of keeping the roads open,
and very happily through this medium
are helping to develop the good will

feature of the Calgary Probus Club,
the bringing of which was the visit
of the Calgary enthusiasts, who, in
return, most cordially invited any or
all members of the local club to join
them at any time at their weekly in-
spection, which is held on Mondays at
the Dillinger Hotel.

Mr. Mackay, Mr. Brown and Mr.
Guy Armstrong and Mr. Jim Cross
are real enthusiasts, and might really
be named the "Big Four" of the Cal-
gary organization. While in Strath-
more, they will find another quartette
in Mr. T. E. Wright, Mayor Shirrup,
J. A. Cammatt and T. S. Hughes,
fully alive to the objects of the
Probus Club and ready to co-operate
in every way.

CANADIAN CAPITAL PRIZES

FOR BOYS AND GIRLS

—O—

The Provincial and Dominion Gov-
ernments have cooperatively organ-
ized Boys' and Girls' Swine Clubs
throughout the three Prairie Provin-
ces. The Canadian Pacific Railway
Company offers as a prize to be paid
to each of three clubs on C.P.R. lines
winning these Boys' and Girls' Swine
Club competitions, in Manitoba, Sas-
katchewan and Alberta.

In addition, the winning teams
(owners of Clubs using C.P.R. lines)
will be taken to the 1928 Royal Agri-
cultural Winter Fair at Toronto next
November as guests of the Canadian
Pacific Railway Company.

These three cups will be competed
for each year, and each cup must be
won three times by one club before it
becomes the permanent property of
that club. In recognition of the com-
plishment of winning individual
members of team, medals will also
be awarded annually to be retained by
them.

Canada's position in the markets of
the world as a profitable hog produc-
ing country will be revealed largely
if not entirely, by the type of hog
which Canadian hog producers adopt.
The Canadian Pacific Railway believ-
es practical desirability to be the
most effective teacher, and has de-
cided to continue the award of these
prizes for the purpose of further
encouraging the production of the ap-
proved type of hog.

Rules and Regulations

1. Each team must consist of two
boys, or a brother and sister, or two
girls between the ages of 14 and 21
years, Sept. 1st, 1928.

2. All rules and regulations govern-
ing the swine clubs in the various
Western Provinces must be observed.

3. All teams competing must take
part in a judging competition and give
a demonstration at a central point
(or points) as may be decided by the
committee in charge.

4. The competition will be held at
or near the time the carload lot of
hogs raised by the Club are marketed.

5. The winner of a district will be de-
termined on the following basis:

40% for general efficiency in swine
raising.

20% on judging hogs.

20% on the quality of the two hogs
raised.

20% on a Bacon Hog demonstration
which shall occupy not less than
20 minutes and not more than 30
minutes.

6. Teams selected shall be granted
transportation to the point in each
province where the provincial compe-
tition is to be held.

7. Previous winners of the trip to
the Toronto Royal Show are debarred
from future competition.

The Canadian Pacific Railway has
the assurance of hearty co-operation
from the Federal and Provincial live-
stock organizations, the Agricultural
College and auxiliary Extension Ser-
vices.

For further information desired and
assistance in organization, develop-
ment and instruction please write to,
in Alberta—S. G. Carlyle, Livestock
Commissioner, Parliament Buildings,
Edmonton.

THE SAYINGS AND DOINGS
OF MANY PUBLIC MEN

The Philadelphia Public Ledger says
it is often taken for granted that
British foreign investments were by a
very large extent wiped out by the
war and consequent economic over-
turns. It is even more often assumed
that foreign investments of the United
States are greater than those of any
other nation. The Midland Bank of
London points out in its monthly re-
view that British income from over-
seas investment is still considerably
more than double that of the United
States. New York, for the moment,
is the financial capital of the world
it is only in the United States that
savings in large amounts are available
for exportation. New York is likely
to retain its financial pre-eminence,
even British recovery is complete.
But in spite of the immense quantities
of American capital which have gone
abroad during the last decade, we
have not caught up with the British
yet. On the other hand, it is probable
that this point is often overlooked
and the British have no such incompar-
able home market as we have.

Quebec is accepting the offer of the
Dominion government to cooperate to
the extent of \$50,000 in bringing back
former Canadians from the United
States if any of the provinces will put
up the same amount. There is some
opposition of opinion in Quebec how-
ever, on the value of such a campaign.
La Presse, the largest French-Cana-
dian daily, supports it on the ground
that even if it brought back only
10,000 Canadians to their own country
it would be worth while. The Quebec
Chronicle-Telegram would like it to
be convinced but is not. It thinks no
organized campaign of repatriation
can ever be as effective as one of im-
migration. "The Canadian govern-
ment," it says, "is familiar with such
plans in Canada and will return of
his own accord, for the most part
or not at all."

Meanwhile the Maritime provinces
are very much interested in watching
Quebec test the repatriation plan.
The St. John Telegraph-Journal re-
marks: "The proof of the pudding is
in the eating. Quebec is going about
the matter very thoroughly, and its
experience will be a valuable guide to
the Maritimes. More Canadians are
returning of their own accord than
formerly. The Quebec government
believes this movement can be largely
increased by well-organized effort. If
it is right the enterprise will be of
high importance."

D. M. Duggan, Conservative at 25
years of age, is speaking at the Legisla-
ture today. "Last night my wife, look-
ing at me, said: David, you are get-
ting to look more like George Hoad-
ley." "Mr. Hoadley is a very pro-
minent man," he said, "and I am
ruined." "Well, isn't that a compli-
ment?" Mr. Duggan said. "I regard
it as a compliment, but my wife is
brother-hearted."

"I believe that I have found a way
which is a further development of
greatly rust-resistant," said Dr. Weger
Wheeler, Saskatchewan wheat win-
ner, in an interview, speaking of the an-
nouncement made by him at Rothen
with respect to his research work on
a rust-resistant wheat. He went on to
explain that although he was quite
sure that this new type which he had
developed from the Kola strain would
protect crops in the province from
rust damage, he did not think the
wheat would be absolutely free from
rust under all conditions. However,
he considered from the result of his
experiments that even under the most
adverse conditions such as experienced in
1927, this wheat would never be mat-
terially damaged.

Farmer's Advocate: Canada is fast
becoming recognized as producing the
best stock in high class beef and dairy
animals, sheep and swine. She leads
in poultry and her wheat, oats, barley
and clover are in demand because of
their hardness and general quality.
Her forests yield a large variety of
timber and her mines are the envy
of the world.

Progressive Farmer: Canada is fast
becoming recognized as producing the
best stock in high class beef and dairy
animals, sheep and swine. She leads
in poultry and her wheat, oats, barley
and clover are in demand because of
their hardness and general quality.
Her forests yield a large variety of
timber and her mines are the envy
of the world.

When the British Prime Minister,
Stanley Baldwin, arrived in Quebec for
a friendly visit last summer, he re-
marked that he had come not to visit
but to his country to Canada, but to be
able to interpret Canada to Great
Britain. Since that happy occasion,
many developments have passed ac-
ross the front pages of the press to
indicate that a new Canada is arrest-
ing world attention.

Canada's exchange of ministers with
the United States has been followed
by the recent announcement that a
similar diplomatic status is soon to
prevail with both France and Japan.
And President King's neighborly call at
Washington this winter was this week
returned by Secretary Kellogg. Can-
ada is becoming naturally strong and
internationally active.

Canadian progress, politically and
economically, has been surpassing. At
the beginning of the twentieth century
Canada achieved a thin and distended
population of 7,000,000 over a vast ex-
panse of undeveloped if not impro-
pable territory. A quarter of a century
has added 2,000,000 to Canada's
peoples. Last year its per capita
wealth of \$2400 was second only to
that of the United States and Great
Britain, while its per capita trade
balance was unexcelled. The Liberal
government has achieved political
stability, the people economic strength.

From Great Britain, Canada has
received autonomy in international
affairs as well as domestic control.
To the credit of British colonial states,
to the credit of Canada, for all its sov-
ereignty, is if anything a more loyal
and cooperative member of the Brit-
ish Commonwealth of Nations. More
and more will Canada be a force in
world affairs. She sits as an equal
upon the Council of the League of
Nations as well as at the British Im-
perial Conference.

As a nation Canada is devoted to
the arts of peace. Secretary Kellogg's
visit to Ottawa gives renewed and
mutual assurance that 4000 miles of
friendship join the two countries.

William Green, president of the
American Federation of Labor, visiting
Chicago, expressed optimistic outlook
for industry and labor in 1928.
"Union labor is pretty well sold on
the idea, that there is no profit in
strikes," he said.

"The outlook for industry in 1928
is good," he declared. The cost index
for the year has been the lowest since
the general labor situation 55.

"The coal men must realize that
conditions have altered since the
World War. Today they are produc-
ing 1,000,000,000 tons of coal a year,
with a market for only half that
tonnage."

"The remedy, in my opinion, is re-
gional ownership and control, and
the operation of such mines as can
be operated by the state. They are pro-
ducing, they give steady employment to
a few more of men than spasmo-
dic employment to a greater num-
ber."

"With a view to decreasing crime
among children in America, 10,000,000
copies of the Book of Proverbs are
to be distributed among school chil-
dren in the United States and Canada.
Rev. Dr. John Ingham told the school
management of the board of education.
Appearing on behalf of the British
Bible Society, Dr. Ingham asked per-
mission to distribute 10,000,000 copies
among the school children of
Toronto which will be the first
city in Canada in which distribution
would take place. The board gave
its consent."

Roman Catholics and Jews, Dr.
Ingham stated, were entering heavily
into the plan as well as Protestants,
and Archbishop McNeill, Roman
Catholic Archbishop of Toronto, was
before him to secure the distribu-
tion in the separate schools of the
city.

Mr. Lorre Frodman, M.L.A., speak-
ing in the Legislature, stated that he
had no wish to criticize the work be-
ing done by the existing schools of
agriculture. He felt that they were
fulfilling their functions and doing a
good work. He noted a great deal of
work in the rural education was
concerned, but thought this a healthy
sign. There was an increasing de-
mand for city facilities for rural edu-
cation, and the member thought the
time had come to make some endeavor
to bring a high school education
within the reach of every rural child.

ARE YOU
SUFFICIENTLY
INSURED? —
Few people can afford the
luxury of carrying their own
risks.

Let us talk over the service
that we can render.
F. R. Lilly Agency
Richard Lilly, Mgr.
Phone 57 Strathmore

I Forgot

To pay my subscrip-
tion to the Standard";
that's the explanation
we often get when
subscribers eventually
discover that they are
in arrears. The amount
is small, but in the
aggregate totals an
amount that can
always be used in a
publishing office.

Look up your label
and see if you have
"Forgot".
THANK YOU.

DRESSMAKING
Suits, Coats, or Sewing of any
kind.
MRS. G. E. MCKENZIE
Phone 78, Strathmore, for
appointments.

THE LABEL

on your paper indicates the
date on which your subscrip-
tion expires. IF YOU are
in arrears we would appreciate
an immediate settlement.

No. 219.

TENDERS WANTED

Sealed tenders will be received by
the undersigned up until Noon on
Saturday, the 14th of April, 1928, for
supplying the power necessary to pull
and operate an Adams 12 foot Leaning
Wheel Grader. Tenders to be sub-
mitted on the running mile basis with
the particulars of the amount charge-
able for moving from location to
another empty. The applicant to fur-
nish everything except the grader and
the graderman, and to be prepared to
bound and lodge the graderman. Work
to commence on or about May 1st,
1928. Approximately 550 miles of
grader travel contemplated. Form of
tender may be obtained from the un-
dergrader. Envelopes containing ten-
der to be marked on the outside
"TENDERS". Tenders will be opened
in the presence of any tenderer pre-
sent at 1:30 p.m. on Saturday, April
14th, 1928, in the office of the Munic-
ipality, Strathmore, Alta. Lowest or
any tender not necessarily accepted.
D. N. GARDINER,
Secretary-Treasurer
Strathmore, Alberta.
